

OMNI[®] **VERIFIER/DEACTIVATOR**

Three Functions in One Easy to Use Tool.

OMNI[®] VERIFIER/DEACTIVATOR

Three Functions in One Easy to Use Tool.

The OMNI[®] tool combines three EAS accessories – Personal Tag Verifier (PV), Deactivation Verifier (DV) and Portable Deactivator (PD) – into a single ergonomic package. It eliminates the constant search by Loss Prevention personnel for the various tools needed to maintain the security system. Instead, they'll find them all contained in the same, easy-to-hold, easy-to-use EAS tool.
